

YU GIN

THE SPIRITIQUE STORY

Spiritique was started when three guys who had been working in the spirit business for most of their careers decided to get together and create a company that specializes in quality French Spirits made from the best ingredients, presented in really handsome packaging. Every Spiritique product is carefully crafted in France, respecting tradition while embracing innovation.

THE PHILOSOPHY

Inspired by Japanese traditions and the famous Yuzu lemon, Yu Gin offers: freshness, subtlety and a wealth of aromas, all in an originally designed glass bottle reminiscent of a Zen garden.

YUZU

Used by the greatest chefs and perfumers, yuzu has also been beloved by the Japanese for ages for its relaxing and refreshing properties both in Japanese cuisine and in centuries old customs such as Yuzuyu, where the fruit is floated in the hot water of a bath on tōji (winter solstice), to guard against colds, warm the body and relax the mind.

YU GIN TASTING NOTES

Distilled with juniper berries and enhanced with yuzu, Szechuan pepper, coriander, and licorice. A pronounced citrus nose and a perfectly balanced botanical taste with a subtle peppery finish.

Yu Gin can be enjoyed neat, on the rocks, or in a classic G&T cocktail as a refreshing aperitif.

94 points. “This citrusy gin, made with yuzu and Sichuan pepper, hails from France’s Cognac region. The mild aroma whispers lemon peel—the palate shouts it, layering on tart juiciness and a hint of mandarin orange sweetness. Ginger and white pepper heat lead into the astringent finish.”
